GREETINGS FROM THE 5TH GRADE CLASS OF '09-'10!

Kay's fifth grade class has had a busy year. They had a three week quarantine this year due to the entire country of Ukraine shutting down all the schools. Classes were taught online and at various homes throughout the city. Students met together several times a week at their homes and the teachers came to them. It was a great relief when the quarantine was lifted (mostly for the teachers, I think).

several subjects (art, computer, history) into one unifying unit. This is not a common practice in the Ukrainian school system. My Ukrainian colleagues were excited and it was awesome. It's something we are planning to do more of in the future.

This year I (Kay) tried a more holistic approach to our fifth grade curriculum. We incorporated

One of the misconceptions of working with missionary kids is that they all have personal relationships with Jesus. It is hard for them to admit otherwise in this Christian environment. Sadly this is not always the case. This was

brought home this week when one of our students did accept Jesus on a personal level. He did not want the rest of the staff and his friends to know, (“ it would be embarrassing”). Please pray for these kids who have fallen through the cracks.

KIBC.....

Recently the family ministry at KIBC has led the “All My Feelings” seminar. It teaches people to understand, accept, experience more fully & deal with their emotions; also, about defense mechanisms and conflict resolution. We have had a quite positive response to the seminar.

Family Ministry – “All My Feelings” Seminars

Our next goal with that ministry is to develop small groups that will focus

on helping people strengthen their family relationships.

I have also been praying for a long time for the families I see all the time on the playground at our apartment building. We are working now to make arrangements to be able to teach the seminar to these families.

Our greatest barrier is a place near our building where we can hold the seminar. We’re hoping that it can be in a restaurant near us.
